About Continucare Corporation

Continucare provides primary care physician services on an outpatient basis through a network of medical facilities and independent physician affiliates (IPAs) in the State of Florida. Continucare has 18 medical offices equipped with state-of-the-practice technology and staffed with experienced physicians and a comprehensive support staff. In addition, Continucare provides health practice management services to IPAs who practice primary care medicine in South Florida. Continucare assists these physicians with medical utilization and pharmacy management and specialist network development, freeing them to devote more time to patient care.
